

Neath Football

We drove in hope to Neath today
To play for Barry Town
But when they saw our yellow shirts
The refs all bloody frowned

They said we were all running
And stepping on the lines
We all knew it wasn't true
But we just couldn't change their minds

We soldiered on together
As Barry boys will do
Playing for each other
Remaining proud and true

Well go again the next time
But our dreams are now in flame
It matters not who won or lost
But how we play the game

BTU forever together
